

Patti Litchfield

Kennel Name: PALDACHS

I started showing Miniature Longhair Dachshunds back in 1990. I no longer have Mini Dachshunds at my house but do co-own a beautiful bred by boy with Jyl Scott. I have been and continue to be a member since 1991 of The Dachshund Club of America, The National Miniature Dachshund Club and The Dachshund Club of Southwestern Ohio. I have been the President, Vice President, Treasurer and Board Member of the Dachshund Club of Southwestern Ohio, for numerous terms. I also belong to the Queen City Dog Training Club, where I train and have taught conformation classes.

I first saw the PPP back in 2010 with Stacy Faw and fell in love. I purchased and co-owned with Jyl Scott our 1st PPP in 2012 from Sandy Truitt. Then, like potato chips, I had to have more. I currently only have (3) intact - (2) females and (1) male, the rest are spayed and neutered. I have bred/co-bred (19) Champions (5 of which are black and white wires). Not all my dogs I have finished as AKC Champions are used for breeding. I do very limited breeding and hope to improve with each breeding.

I show my dogs in AKC Conformation, participate in Fast Cat and have shown and finished dogs in UKC and IABCA International shows. I am an AKC Bronze Breeder of Merit and a Member of Bred with Heart. All my dogs are Microchipped and registered with AKC Reunite, DNA tested through AKC and Health tested. Dogs are listed on the OFA Site for health tests and Breed Archive for pedigrees.

I have been a member of the PPPA since 2012, served as Vice President and I am the current Membership Chair and a Board Member and totally enjoy working for Club and the members.

I will be married 49 years in December, have two sons, three grandsons (22, 12, & 7) and two wonderful daughter-in-laws. I have worked full time since 1973 as customer service representative in the Petroleum Lighting industry. I am currently part-time (4) days a week, in customer service, working for a Petroleum Lighting Agent.

My hobby is of course, showing my dogs! I also love spending time with the family and watching the grandsons play their sports.
